To

T.E. Jeyarama Iyer, Esq., B.A., B.L.,

Secretary to Government of His Highness

the Maharaja of Mysore, Revenue Department,

B A N G A L O R E.

Sir,

I have the honor to forward herewith the report No.82 dated 4th October 1922 received from the Amildar and President of the Municipality Arkalgud recommending the appointment of a whole time sanitary maistry to supervise the sanitary work of the Municipality of Arkalgud and the connected records and to state that the Arkalgud Minor Municipal Council have not got at present a whole time Sanitary Inspector of their own to attend to the sanitation work of the Municipality and the Sanitary Inspector of the Arkalgud Taluk Board is looking after the work of the town also in addition to other parts of the taluk, and the Municipal Council are contributing Rs 240/- being the moiety of the Sanitary Inspector's pay out of their funds. For some time past, they have been complaining of the heavy item of expenditure like Rs 240/- on account of the services of a part time Sanitary Inspector ^{have} and now proposed the appointment of a whole time Sanitary Maistry on Rs 20/- as such an official will be quite sufficient for supervising the affairs of the municipality. They have further proposed that one Puppaswami Mudliar a thrown out Tanj Inspector of the late Maranat Department ^{appointed} be as such Sanitary Maistry.

To,

The Sanitary Commissioner
the Government of Mysore
Bangalore

Through

The President
Municipal Council
Hikalgal

Respected Sir,

I most humbly beg to state that being recently transferred to this Taluk I received the charge on 19th December 1921. Since that date neither the Taluk Board nor the Municipality has given me any person to assist me in my work. In the whole Taluk I have 30 to 40 public works such as new construction and repairs of roads & buildings etc. to ~~attend~~ attend to. In the town also there are some of the same nature.

This town is sufficiently big and is divided into two parts i.e. Petta and Fort with 4500 population and 778 houses. For such a big town the conservancy staff is 9 sweepers and two scavengers with one man.

With such a small staff it is very difficult
to attend to the sanitation of all the roads and
corners of the town.

When regards to the house to house in-
spection, I have not yet been authorized by
the Council to attend to it. This question was
placed by me in the Council meeting on 7th
February 1922

I requested the Vice President to spare
me one of the Municipal Police to help me at
the time of the inspection and to serve notices
etc. but nothing has been done as yet. The one
conservancy man will have no time to attend
to these works as he has to attend to his Engi-
neering work from 6 to 11 in the morning and from
2 to 6 in the ^{afternoon} evenings. Many notices under several
Health clauses have been prepared by me
but they remain unissued as yet.

This Municipality is a new one
and no bye laws regarding the sanitation of the
town have been prepared and got sanctioned
as yet.

Under the above circumstances the undersigned
could not show any progress for the months of January
and February 1922 "and I if the Council is kind
enough to authorize me to make house to
house inspections and to serve notices etc. and
to spare me a person for the purpose, I will be
by my level best to get the town clean and to
show good progress in my work.

Yours and statement forms
of monthly progress of action taken
under

Municipal Regulation are herewith - ^{subscribed}
for the purpose

I beg to remain

Respected Sir

Your most obedient Servant

H. M. Chapoteau

Sanitary Inspector
